

Spotting Bag[®]

Pool Stain Treat[®]'s Spotting Bag[®] is a *NEW* concept in stain removal. By simply placing a **Spotting Bag[®]** directly over the stain, and pinning it down with a pool brush, *without scrubbing or rubbing* -- the stain will disappear within 24 hours.

The **Spotting Bag[®]** will.....

- Remove rust marks
- Remove copper marks
- Minimize any damage to the surface
- Clean the spots while you relax

The **Spotting Bag[®]** is made with the same powerful formula used in **Pool Stain Treat[®]**. This product's proven performance has made it the talk of the professionals.

Pool Stain Treat[®] & the **Spotting Bag[®]** are effective on.....

- Plaster (marcite), vinyl, fiberglass & painted pools
- Rust marks caused by bobby pins, BB's & toys
- Outside areas of rebar bleed
- Copper fallout from shocking
- General brown & blue metal stains
- Leaf & Organic stains

NOTE: In rare cases of gray manganese stains, consult your dealer or the factory.
